Demo

Project Timeline

- July
 - Methodology Adopted
 - What was wrong in the Methodology
 - How we improved
- August
 - Methodology Adopted
 - What was wrong in the Methodology
 - How we improved

Errors

- Not Setting detailed deadlines.
- Took too much time to learn.
- Miscommunications within the team.

Project Learnings

- Analysing what went wrong in case of extension of a deadline.
- Having clear documentation of what was discussed in a meeting.
- Implementing must be done along with learning.

Individual Learnings

Next Steps

- Creating the remaining web pages by setting clear deadlines.
- Learning and Implementing APIs.
- Starting the work on backend.

Thank You
